ABOUT SPLENDID

We, at Splendid Photos & Video, believe that love, weddings, and commitments are a huge aspect of what life is all about. It is our honour to capture these subtle and meaningful exchanges and turn them into your beautiful story!

Splendid boutique studio is based in Leichhardt, Sydney. Our 10 years of valuable experience of shooting weddings have made us highly recognised, trusted, and talented wedding photographers. Our works have been featured many times in well-known wedding magazines and blog sites.

Splendid's style is all about storytelling, editorial and fine art photography and cinematography. Our approach is a blend of candid moments with fine art portraiture. We combine a novel artistic approach with storytelling to produce meaningful images that show connections.

Splendid Photography focuses not only on creating amazing images, but also on offering you the best experience both before and after your wedding day.
